Dear Dr. Hardikar,

Yours of 24th received but I really cannot come there, especially for just an hour, considering my other commitments the new Journal, necessary trip for Nagpur (I am leaving 6th morning) and also the cost.

As for Vasantrao, he must also have written you that he is completely tied up with his Machine Tools Board work.

My own Journal will come out soon and I'll send you a copy

I do not know if the painter has gone to Ghatprabha yesterday. He was to go there yesterday by the Bangalore-Miraj passenger. I got word from Shreepadrao just now i.e. at about 4-45 P.M. that you have already engaged another painter

I have sent the remaining eighteen flags

The President - Dr Prasad is going to stop here for about half an hour on his way to Dharwar. He is going to meet dear Gangadharrao on the 6th at his residence. An intimation to that effect has been send by Gangadharrao the Military Secretary. The Collector also had gone to Gangadharrao's house yesterday. I hope all the arrangements have become complete.

I shall come there on the 5th in the evening.

Yours sincerely

My dear Doctor,

Your letters dated 31st both to Raja and myself. Shri Nimbkar rang me up last night. Both Raja and I told him about the importance and urgency of his being in Ghataprabha at the time of the President's visit to Ghataprabha. He said he will find it difficult to be there as he has to preside over some Development Council meeting here. We will try and persuade him to leave Delhi as early as possible. But I am doubtful if he will go to Ghataprabha at the time of the President's visit.

When are you comin- to Delhi? Now that the President will have visited the Institute and you have fulfilled one of your ambitions of life, you should now come here. The weather is very pleasant and nice.

With love,

Yours affectionately,

Dear Dr. Hardikarji,

Please allow me to take your liberty of addressing you this letter. I think you have by now received a letter from Shri. R.S.Hukkerikar Masterji in connection with the President's visit to Shri Murugh Math, Dharwar. I am now enclosing herewith a copy of the note containing the history of the Shreemanniranjan Jagadguru Murugharajendra Prasada Nilaya for favour of your perusal. I hope you will kindly help us in the matter.

Thanking you,

Yours sincerely,

History of the Prasada Nilaya in brief.

At the north outskirts of the City of Dharwar stands a specious building with high walled compound and wide gates. This is Shri Murugha Math of Haveripeth wherein is housed SHREEMANNI-RANJAN JAGADGURU MURUGHARAJENDRA PRASADA NILAYA.

The PRASADA NILAYA (Free Boarding House) was founded by His Holiness Shri Mrityunjaya Swamiji of Shri Murugha Math in the year 1917 to afford higher educational fecilities to the poor students in English and Sanskrit. Started with a handful of students with the object of providing free boarding and lodging, the number gradually rose to more than 150 students. There are 63 rooms and a specious Library Hall for the use of the students In the midst of the students' quarters stands Shri Shivayogishwar temple where students hold daily mass prayers. The Prasada Nilaya has so far turned out thousands of students into good citizens who have now occupied very high positions in every field of life. Many have become Dist. Collectors, Judges, Police Officers and Ministers. All of them look upon the Prasadanilaya as a source of inspiration. The Silver Jubilee of the Parasada Nilaya was celebrated in 1942.

Shri. Mrityunjaya Swamiji has dedicated his whole life to the cause of Education to the poor. He believes firmly that good character is the foundation of a well-built Society. With this object in view much attention is being given to mould the character of the students by offering cultural and religious education. In furtherance of this object the Swamiji founded the AKHIL BHARAT SHIVANUBHAVA SANSTHA. Under this Institution research in Shivanubha philosophy is being conducted. The Samsth

conducts religious and cultural examinations every year in more than 60 centres and more than 2000 students appear for the said examinations. The Swamiji, under the research xxxx serial" Shri Bala Leela Mahant Shivayogishwar Grantha Mala" h as published several rare manuscripts and other cultural and religious books at a cost of more than a lac of Rupees. The works are treatises on philosophy of life and relate mostly to moral code of life. Besides this, The Akhil Bhara Shivanubhava Samstha edits a fortnightly journal" SAVADHAN to xxxxxx disseminate Shivanubha culture among the people. It has got a circulation of 1500. On the occasion of Shri Shivayogishwar Rathotsava in the month of Magh every year religious and cultural discourses xxx and seminars are held for about 15 days continuously and lacs of devottes attend.

The most important thing to be noted here is that Shri Mrityunjaya Swamiji owns no properties of any consider -ble income; nor has he approached any Govt. for financial help for all his above-mentioned Institutions. The expenses of the Prasada Nilaya alone cost about Rs.60,000/.annually Money comes of its own accord from the desciples of the Swamiji for all His undertakings. The donor knows that ever pie he gives is utilised for the good and noble cause.

Many eminant persons of all India fame have visit the Prasada Nilaya and taken blessings from the Swamiji. Notable among them are the late Sardar Vallabhai Patel, Sir K.P.Puttanna Chetty, Shri.R.R.Diwakar, Prof. R.D.Ranade, Swami Sambudhananda of Shri Ramakrishna Math, Swami Gouri Shankar of Mysore, Shri. Jayachamaraj Wodeyar, the Governor of Mysore State,Gen. K.M.Kariappa, Shri.Y.B.Chavan, Shri. S.T.Kambli, Shri. S.Nijalingappa, Shri.K.Hanumantayya,Shri. C.C.Hulkoti, Vice-Chancellor of the Karnatak University, Dharwar, and A.B.Druv, Vice-Chancellor, Benars Hindu xxxxx University. All of them have expressed great admiration and satisfaction for the work the Swamiji has done.

My dear Shri Doctorsahib,

I thank most heartily for the kind invitation for the function on the occasion of the visit of His Excellency Dr Rajendra Prasad to your Institution. It is a most important occasion in the life of the Institution. It always gives me great pleasure to see the development of the Institution and the progress made during the last few years. Now it has achieved a

place of my first absence
from Council in the whole
of Board, & it is in
the fitness of things that
the H.E. the Hon. The President
is paying a visit to
The sole credit is due
to you & your College
& the Board of Directors
On account of illness
I am unable to attend
the biggest function.
I very much feel that
I cannot attend
I wish the function
every success, & feel

confident that the
speed of development
will be maintained
the distribution will

Dear Doctorsaheb,

I take the liberty of sending you heartfelt greetings on the Red Letter day in the history of the K.H.S. when the President of India pays a visit to it tomorrow.

All well-wishers, including my humble self, feel proud that the K.H.S. has, under your efficient and distinguished charge developed to the extent of earning a visit from the President.

The dedication of workers, who have participated in building up the K.H.S. to its present position, I hope, will add to expansion of the humanitarian work to more fields and to greater numbers of people, which is the real fulfilment of devoted service, of which I congratulate you as the head.

Yours sincerely

My dear Doctor

regret it has not been possible for me to come to Ghatprabha when the Revered Rashtrapati visit the Institute. My best wishes

Shri. Lakmanbalki, chairman of the Shri. Murugha Rajendra Math Committee is coming there with Shri. Gidi to report the President's military secretary to have his visit to the matter. I entirely support the idea. Please do all you can in the matter. I will also talk to you on the phone.

Yours Sincerely,

D.P. Karmarkar

डॉ राजेंद्र प्रसाद यांचा जन्म बिहारमधें सरन जिल्ह्यांतील जीरादेय ह्या खेड्यांत ३ डिसेंबर १८८४ रोजी झाला. ते एक हुशार विद्यार्थी होते. त्यांना साहित्य व कायद्याची पदवी कलकत्ता विद्यापीठांतूनच मिळाली. १९०९ त ते कायद्याच्या व्यवसायास बिहारे स्थानि कलकत्त्याच्या सायकोर्टात (१९०९-१६) व पाटण्याच्या हायकोर्टात (१९१६-२०) कायद्याचा व्यवसाय चालवत असत.

१९१७ त चंपारण सत्याग्रहाचे वेळी ते गांधीजींना मिळाले आणि त्यांच्या दिशेनाच्या स्वातंत्र्य लढ्यासाठी संपूर्ण पणे वाहून घेण्यासाठी म्हणून १९२० त वकिलीचा व्यवसाय सोडून दिला. त्या वेळेपासून राष्ट्रीय चळवळीत ते नेहमी आघाडीवर असत तसेच बिहार मधील कॉंग्रेस संघटनेचे धुरंधर कार्यकर्ते म्हणून कार्य करीत असत स्वातंत्र्य चळवळीत अत्यंत जाग घेतल्यामुळे त्यांना तुरुंगवास भोगावा लागला १९२० तील असहकार चळवळीच्या वेळचा कारावास १९३१-३२ मधील वैयक्तिक सत्याग्रह चळवळी दरम्यान कारावास आणि "चोडो भारतच्या" १९४२ मधील चळवळीचा कारावास हे विशेष होत

१९४६ त राष्ट्रीय कॉंग्रेसचे ते सरचिटणीस होते १९४७ त पाटणा नगर पालीकेचे ते चेअरमन होते. परंतु १५ महिन्याच्या आतच त्यांनी या जागेचा राजीनामा दिला १९३४ मध्ये बिहारमधील भूकंपाचावेळी, बिहार भूकंप निवारण मध्यवर्ति कमिटीचे ते अध्यक्ष होते. (त्यांच्या) भूकंप मदत निवारण व मदत कार्याच्या प्रशंसेमुळे राष्ट्रीय कॉंग्रेसचे ते अध्यक्ष बनले. त्या पद भूषविण्यासाठी १९३९ त व १९४७ त ते त्यांना पुनः पसंदगी करण्यात आले. १९३९ मध्ये ते कॉंग्रेस संसदीय समितीचे चिटणीस होते आणि तेव्हा पासून (राष्ट्राध्यक्ष होईपर्यंत) अखिल भारतीय कॉंग्रेस कमिटीचे ते सभासद होते.

जवाहर लाल नेहरूंच्या नेतृत्वाखाली चाललेल्या केंद्रिय सरकारात १९४६ च्या सप्टेंबरमधें बिहारे आणि अन्न-

RAJENDRA PRASAD

Born in Bihar in the village of Zeerdei (District Saran) on December 3, 1884, Rajendra Prasad was a brilliant student and took his Master's degree in arts and in law from Calcutta University. He entered the legal profession in 1911, and practised at High Courts in Calcutta (1911-16) and in Patna(1916-20).

He joined Gandhiji during the Champaran Satyagraha in 1917 and eventually gave up his legal practice in 1920 to address himself exclusively to the casue of Indian independence. Ever since he had been in the forefront of the national movement and a spearhead of the Congress organisation in Bihar. For taking active part in the freedom struggle, he courted several imprisonments, including those in the non-cooperation movement in 1920, the Civil Disobedience Movement in 1931-32 and the "Quit"India" Movement in 1942.

He was the General Secretary of the Indian National Congress in 1922, In 1924, he was elected Chairman of the Patna Municipality and resigned from that office within 15 months. When Bihar was visited by severe earthquakes in 1934, Dr. Prasad served as President of the Bihar Central Relief Committee. As a reongnition of his earthquake relief work that year he was lected President of the Indian National Congress, the position he was called upon to hold again in 1939 and in 1947-48. He was Secretary to the Congress Parliamentary Committee in 1936 and had since been a member of the All India Congress Committee.

In September 1946, Dr. Rajendra Prasad joined the Central Govenrment formed under the leadership of Jawaharlal Nehru and held the portfolio of Food and Agriculture. On December 9 that year he was unanimously elected President of the Constituent Assembly of India. For the next three years he acquittted himself remarkably well in shaping the secular constitutent of the Sovereign Republic of India.

187

In 1950, when the Constitution was enforced he became the first President of the Republic of India. He was elected to this highest office in the land first in 1952 and again for a second term in 1957.

Besides law and politics, Prasad's presonality found expression in the field of literature and humanitarian activities. Twice he was elected President of the " Hindi Sahitya Sammelan" for its connferences at Cocanada in 1928 and at Nagpur in 1936. He is rector of the Bharatiya Itihas Parishad. He is a founder member of the Patna University. He is one of the founders of the Searchlight, an English daily from Patna and Desh, a Hindi Weekly. He also founded the Patna Law Weekly

Dr. Prasad is a writer of note. The "Satyagraha in Champaran", "Constructive Programme and its problems", " India Divided", "Atma Katha", and "At the Feet of Mahatma" are among his more important works.

Dr. Prasad has been characterised as somewhat unsophisticated from the point of view of the modern world and quoting from Mrs. Sarojini Naidu "one has need of a golden pen dipped in honey to write about Prasad's unique personality. His rare intellectual endowments combined with surpassing seetness of his nature, the nobility of character, and his extraordinary gift of self-effacement and self-sacrifice make him perhaps the most widely or personally loved of all our leaders." Dr. Prasad's goodwill visits to foreign countries include Ja pan, Malaya, Indonesia, Cambodia, Vietnam, Thailand and Laos.

Our Most Respected President.

Sir,

We, the President, the Chairman and Members of the Governing Council of the Karnatak Health Institute, accord you a hearty welcome on the occasion of your visit to this institution.

About two years ago, in 1957, you were good enough to receive an address of welcome given by our workers on the Ghataprabha Railway Station. You gave them blessings and advice. Today, you have honoured us by accepting our invitation and inspecting our work for humanity.

On this solemn occasion you will kindly permit us to acquaint you with the salient features of the Institute and its main activities.

The institutd is founded by Dr.G.R. Kokatnur, M.D. It is registered in the year 1929 under the Societies Registration Act No.XXI of 1860 and also registered as a trust property under the Public Trust and Charitable Act. It has commenced its work from the year 1935.

It is a medical mission; an enterprise of social-minded people of Karnatak and Maharashtra. It is built by the efforts of its members, by donations from several benefactors and payments received from paying patients. Actually, it is raised by small men for the small men of rural areas - the village folks. And for the last four years the Union as well as the State Governments and some international agencies have been extending their helping hand to our [illegible]

This institute is having at present a General Hospital, a Tuberculosis Sanatorium, a Maternity Training Centre, a Nurses Training Centre, a Village Health Service, a Welfare Extension Project, a Medico-Social

189

Service, and a Family Health Insurance Scheme, all aimed at our target - The villager.

The General Hospital consists of 65 beds (free as well as paying). The Tuberculosis section has 91 beds, out of which 48 are either under heavy concession or are free. A Maternity Service for rural women is run almost free since 1955 and has a provision for 25 beds. It is run with the idea of educating them in safer methods of deliveries as against premitive and unhygeinic practices based on superstition and ignorance.

A Village Health Service is run with the help of 4 mobile units. This spreads through 12 centres in 54 villages with a population of over 50,000. This service takes medical aid to the very doors of villagers at a nominal charge of 2 Annas or free. Even these small collections are spent for improvements in best co-operating villages.

A Nurses Training School for auxiliary nurses to be employed in National Extension Schemes in Bombay and Mysore is run from the year 1955. Many girls from Maharashtra, old Karnatak, Mysore and Coorg have already received training from here. So far 57 candidates have passed through this centre and have entered villages for duties under the various schemes in the States of Bombay and Mysore.

Eminent specialists in Medical line are paying periodic visits to this Institute for bringing home to rural public the latest and the best in Medical World.

The Institute has been able to produce certain amount of awakening and Health consciousness in the surrounding villages by its long standing service of 24 years. As a result, 5 Maternity Homes and one Hospital have sprung up in this very area with public effort. Besides the Karnatak Health Institute, the welfare projects and some other agencies like the Unitarian Service Committee of Canada are helping us to create a new era in Maternity Services in rural areas ~~they never dreamt of before.~~

190

The Institute aims at remaining a Rural Health Centre. While doing so, it plans to bring all the latest in medical world to the service of the neglected villages. With this aim in view it has collected one of the best set of latest equipment and a band of devoted workers ~~so devoted~~ keen on fulfilling its goals.

It is planning to take up the following new schemes in the near future.

1. Training indigenous dais as suggested by the Government of India.
2. Extending the Village Health Service to as many villages as is possible for us to do in a radious of fifty miles from this centre.
3. Starting some research work and surveys for the benefit of village life.
4. Taking up research work in Bacteriology and Tuberculosis.
5. Improving the standard of living of its workers.
6. Trying to reduce the cost of medical treatment of even the most complicated cases ~~which are on the increase.~~ are coming / arising in such a way.

We have just completed arrangements for starting a department of Lung and Heart Surgery.

We beseach you, Sir, to give your blessings for the fulfilment of the work which we have kept before us in service of humanity and the nation.

We thank you, Sir, for the kindness shown in visiting this Institute though it represents only a spec in the vastness of India that you have to lead and guide. We prey God to give you a long life and good health. ~~Wishing you a long life, Sir,~~ to lead the nation.

Jai Hind.

~~We remain,~~

~~Your~~,

Dated the March 1, 1962.

Dear Dr. Hardikar,

I understand from Kashinath that you are annoyed with me - particularly because I have not replied to your communications. No wonder you should be annoyed. Actually, your letters to me were received at my residence invariably when I was out of Bombay on tour. I have had a very busy time moving about and arranging exhibitions in Bombay and elsewhere. I am not sure of meeting you again when you will be in Bombay, as I will be leaving for Ahmedabad on the 5th March, 1962 and shall be returning on the 8th March, 1962. On the 11th March, 1962 I will be going to Bangalore and then to Madras and expect to be back in Bombay on the 23rd March, 1962. Actually, I myself not sure of my stay in Bombay which on many occasions has been spasmodical. You will understand my position.

I know you are anxious to know what I have done in regard to Shri Rajyadyaksha. On this subject I cannot give any information particularly because Mr. Rajyadyaksha is found to be at fault but due to his lack of administrative knowledge as also his innocence. I know he has to fight with odds particularly when it comes to few Managing Committee members who are at cross roads with him. My position is delicate and I have been steering myself clear out of trouble waters less I should be mis-understood and charged for having shown partisaned attitude. I am sure you will understand my position.

With kind regards and more when we meet,

Yours affectionately,

V. H. Honawar.

My Dear Chari,

Your letter dated May 9, 1962, No. CB/IU/HTP/Mys(1)/62 was received by me long time ago. For the following reasons I delayed the reply :

(1) I was making myself sure of getting the trainees for this Centre from the neighbourhood of Ghataprabha. I wanted to be very sure that after the training the trainees would stick up to the Institute and help in production.

(2) I wanted to be sure of craft teachers and assistant before starting the training Centre.

(3) The question of stipend of Rs. 30/- that you have sanctioned came forth for discussion amongst ourselves as it is dif icult for anyone to be fed and lodged here within that amount.

Now that these questions have been solved, I am writing to you to release the grant immediately so that we could begin the training centre on the 15th of this month. Even if it is not possible for me to get your cheque in hand on that date, I should be assured that the women coming from outside be given the stipend from that date(15th). Then immediately we call them all and begin the classes.

I have written this to you purposely. I want you to understand where we stand and how our mind works in so far as the acceptance of any amount that we take is concerned.

Herewith you will please find the Chief Medical Officer assurances in regard to the conditions laid down by your Boa

Subject:- Design Competition for Toys and Dolls

Sir,

The Board proposes to organise a Design Competition for Dolls and Toys from all over India. We hope to call for as wider selection as possible of all toys and dolls made out of indigenous material, papier mache, clay, rugs, cloth, wood, wire, tin or metal, saw dust and such other materials. When the competition is organised, we have to make every effort to also draw in very colourful and simple toys made in the rural areas and villages of our country. These are obtained often in the interior and small villages and are not generally seen in the towns. These toys alway have a charm, vitality and wit. These toys are not always appreciated as much as they should be, though they really are outstanding for originality and charm. It is hoped that during field surveys the local officer, could make special efforts to collect these toys when they are made at the time of religious or social functions. We also hope to collect these toys and dolls from centres set up by the State Governments as well as from private production units and individual artisans. Of course, these types of toys and dolls which are imitations of foreign toys and dolls will not be admissible for the Design Competition. Each item should have an Indian background and character and should be aesthetic, artistic or imaginative so as to appeal to the senses of a child and add to its joy. Further, the toys should be harmless and convenient to be handled by a child, e.g. a toy with sharp edges or made of harmful colours and chemicals should be avoided.

After the entires are received, they would be studied by a team of experts who would give attention to the aspects of originality, colourfulness, design, construction, use of material, price-structure and the pleasure giving qualities of toys as such. In the toys sent for the competition, those of educational nature and of giving scope to children to construct and build would be of immense value. That is broadly speaking, there would be two categories of toys - those of folk and rural type which often have an appeal for adults and tourists, and those that are meant solely to be played by the children.

We therefore request you very earnestly to cooperate with us by assisting in the collection of the best types of toys and dolls produced at the various centres set up by the State Governments, or from those areas known for the preparation of toys and send them to the following address;- preferably before the end of August 1962:-

The Honorary Director,
Educational Wooden Toys Centre,
Old Victoria Mill Compound, Gamdevi, Bombay-7.

We would further request you that this proposal may be given wide publicity amongst the artisans and manufacturers of toys and dolls in your State and that they should be encouraged to participate by sending their best entries. Sometime from experience we have found that we have to make a personal appeal to a craftsman or a family to send in some of their traditional work which they would not normally do. Along with each entry, a small slip giving the address of the artisan, price, place of manufacture etc. may also attached. A note containing the cost structure of each toy, or doll, like the cost of raw material used, labour spent, etc. should also be sent.

Contd...2....

The toys and dolls adjudged to be the best would be awarded certificates of merit by the Board and such products will naturally get popular in the markets.

Yours faithfully,

for Director of Handicrafts

Copy to all Design Centres, of the A.I.H.B. and State Governments to send entries of traditional toys and doll the description given above, to the Educational Wooden Toys Centre, Bombay, Those toys and dolls which have been evolved or redesigned by the Design Centre may also be sent.

Notes of Inspection of Soft Toys Centre run by the Mahila Mandal in the Karnatak Health Institute, Ghataprabha, ~~Hukkeri~~ Gokak Taluk by the Assistant Director, Industries and Commerce, Belg on 9-8-1962.

--ooOoo--

Visited the Centre and discussed with the Chairman of the Mandal about its working. This Institute is now imparting training only for a few lady trainees in Soft Toys only for a period of 6 months per batch. The Students are very few at present i.e. eight in number. The Institute ~~is~~ now desired to start training in preparation of hard toys ~~and~~ as in Tailoring ~~in~~ as embroidary, the course being for one year for all the crafts together. They intend to select about 15 trainees for this batch. The Extension Officer (Ind.) should prepare a scheme for the proposed training Centre and submit the same wit financial implication for technical sanction to this office.

Dr. V.S. Hardikar with whom ~~we~~ I had a discussion on various matters relating to our Department has kindly suggested that he would spare 2 acres of land for raising Haliwood required for preparation in Lacquerware articles by the Chitragar Society. He was also kind enough to suggest that the seedlings of the Haliwan trees may be supplied to him for plantation. The Extension Officer (Ind.), ~~xxxxxxx~~ Gokak, who was also present at the time should contact the Gokak Chitragar Society, work-out ~~xxx~~ the Scheme and implement it with the kind help ~~as~~ rendered by ~~Shri Dr~~ Dr Hardikar. Sub: Grant for setting up a handicrafts training centre for soft toy-making under the socio-economic programme of the Central Social Welfare Board.

Sir,

I am to invite attention to the copy of the approved scheme, which was enclosed with this office letter of even number dated the 2nd April 1962 conveying the sanction of the grant. Since the scheme is of a technical nature, it will be necessary for your Institute to obtain the guidance of the Regional Office of the All-India Handicrafts Board, 15, New Queens Road, Bombay-4, the Department of Industries of the State Government and other such Governmental agencies for the proper implementation and functioning of the training centre. The assistance of the Government Department should also be obtained in marketing. In all technical matters the Institute should seek the assistance and co-operation of the Regional Office of the All-India Handicrafts Board and the Director of Industries of the State Government.

2. For this purpose, it will be necessary to constitute a separate managing committee, exclusively for looking into the efficient working of this centre. Such a managing committee may be composed of a few members of the managing committee of your institute, a representative of the Regional office of the All-India Handicrafts Board, a representative of the Director of Industries, Government of Mysore and also a member of the Mysore State Social Welfare Advisory Board, dealing with the socio-economic programme. You may kindly take early steps to form such a managing committee and inform us the names of the members and their particulars.

3. It is also desirable that a separate bank account is opened exclusively for this handicrafts training centre. The separate bank account should also be operated jointly by two members of the separate managing committee. As soon as the managing committee is constituted, and as soon as a separate bank account is opened, you may also inform us as to which of the two members of the separate managing committee will be operating the bank account.

4. Early action on the above is requested.

Yours faithfully,

Dear Dr. Hardikar,

I have your letter dated the 28th August, 1962 seeking my consent to serve on the Managing Committee of the Dolls Training and Production Centre in your Institute. I shall indeed be too happy to be of assistanc to you and shall be glad to work on the Committee as desired by you. However, it is necessary for me to seek the formal permission of the All India Handicrafts Board. I have, therefore, written to the Board accordingly and immediately on receipt of their reply in the matter I shall write to you again.

I thank you a ain for the confidence reposed in me.

My Dear Hunnavar,

I have already written to you about the letter I have received from the Technical Officer of the Central Social Welfare Board, New Delhi. To-day, I am sending you herewith a copy of the letter which I have received from him for your information. Will you please let me know as to what I should do in the matter regarding the suggestion made by Mr. Chari? I am anxious to have you here for taking necessary action. Will you be good enough to write to me immediately? I will be highly thankful to you for the same.

Dear Brother,

Herewith please find a copy of the letter received by us from New Delhi regarding the Handicraft work that has been undertaken by the Udyoag Kendra of this Institute. Mr. Chari, the Technical Officer of the Central Social Welfare Board has made certain definite suggestions regarding the guidance that we have to receive from the industrial concern of the Government of Mysore. They want us also to take the help of your Board in appointing a Committee for guiding the work of the Udyoga Kendra here. Will you be good enough to write to me immediately and let me know your views in the matter? I have written to the other departments concerned and I am sure we will be able to push on the work as soon.

My Dear Savnur,

Find herewith a copy of the letter we have received from Mr. T.V.R. Chari, Technical Officer of the Central Social Welfare Board, New Delhi.

As per that letter we will have to appoint a committee and will have to be guided by them. Will you kindly write to your head office and ask - Mr. Shamanna as to what you (the Regional Office) should do in the matter?

You have seen the work that is being done in our Udyog Kendra here. You know that we intend to increase the field of action for the good of our sisters and children.

Do come again, see everything and guide us. Will you?

If you are in town, can we meet on Sunday the 2nd in the morning at the arrival time of Poona mail at the station? See if you can. I am going to Hubli by the (Samyukt Karnatak) Van that morning and therefore I would like to meet you. Please reply to my Hubli address which is given below.

My Dear Durgabai,

1. So, you have carried out your threat. I am sure you will give me the credit of understanding the reason which prompted you to carry it out. Any way, everything is for the good. Is it not?

2. At the very outset please allow me to express my feelings about the outcome of your action. Personally, I think you have thrown in the background the interest of our women folk and their little ones who were to be the citizens of to-morrow. Have you not invited their curse? It may be a blessing in disguise; who knows?

3. The work that you have done during the tenure of your office will last long. It has won you laurels and has given an insight to thousands and hundreds of thousands mothers and sisters of our land. I do not know what will happen to them all now. I hope everything will run smoothas the "Creator" had planned it.

4. I am here at Ch taprabha. I will continue to do my bit and help the youngsters who are running this Institute. You know I am more than seventy-three now. And I do not expect to be of much use to anyone. However, whatever strength I have I will try to make use of it for the good of the country which has given me birth and the people who feed me.

5. Where is Dr. Deshmukh? My respects to him and to you. Have you changed your address?

My Dear Kamaladevi,

1. Twice or thrice in the past I have requested you to pay a visit to the Karnatak Health Institute at - Ghataprabha where I am staying. You did say that you would come. But, till now you have not. I know you are awfully busy but at the same time I know your capacity and ability. If you mean it, you will move mountains. Will a visit to the Karnatak Health Institute be a - burden to a person of your type?

2. Under the guidance of Mrs. Durgabai Deshmukh we have started a 'craft training centre' here at Ghataprabha We have already taken the work of "training", for which the Central Social Welfare Board has sanctioned 14,000 rupees. 15 women are allowed to be trained. The work is going on now. I am in touch with the Deputy Director of the All-India Handicrafts Board, Western Region, and also the directorate of Industries and Commerce of the Government of Mysore. I want you to come and see this Institute and guide us. If necessary, take this Centre under your care.

A copy of the same is attached herewith for your information along with the letter that I have received from Mr. T.V.R. Chari, the Technical officer of that Board. I want you to - please go through the whole thing and see that Mr. Honnavar is deputed by your Board to be on the suggested committee. It seems that Mr. Honnavar is already in correspondence with headquarters. I do not know whether you know anything about it. Dear Dr. Hardiker,

Thank you very much for your letter dated the 22nd September 1962.

What do I say to all your nice and kind words about me and my work? You are very sentimental and very affectionate; that explains for every thing. Please don't forget to see me when you come to Delhi in connection with any work. You have never gone away without seeing me before, and, therefore, I have no reason to think that you will not do the same in future as well. We have great appreciation and admiration for each other. Since our common goal is service and selfless devotion to anything that we have taken in the service of our country.

With kind regards to you and good wishes to Dr. and Mrs. Vaidya.

My Dear Chari,

Your letter to constitute a separate committee to guide the working of the toy-making centre has been received with thanks. I have written to the three agencies to which you made reference. I have already heard from Bombay and as soon as I hear from the other two agencies, I will write to you and communicate their decision to you.

I am only afraid that the restrictions that you are enforcing upon such centres will delay the work that one is supposed to do without wasting time and money. Of course, we need guidance; but that ought to be ready at all times, otherwise the work is bound to suffer. To summon meetings often of persons living far apart and that too of high officers of Industrical departments is bound to take much time. In that case a question arises as to what we should do. However, this is what I think and I have placed my ideas before you. We will try to work out the scheme as best as we can to the best of our ability and that too for the benefits of villagers.

Sometime ago, I had written to you acknowledging your cheque for Rs. 6,000/-. You have not acknowledged the same. Herewith I am sending to you to-day a receipt for having received the said amount. Please acknowledge.

On the 31st of the last month I wrote to you a letter and had sent along with it a copy of the letter that I had received from Mr. T.V.R. Chari, the Technical Officer of the Central Social Welfare Board, New Delhi. As per Mr. Chari's letter we have to appoint a committee of representatives of the Industrial Department of the Government of Mysore, a representative of the Handicrafts Board of the Central Government and a technical officer of the Mysore State Social Welfare Advisory Board, in order to guide the handicrafts work that we are now doing in this Institute. I need not say that we are anxious to get this committee appointed soon as we want to make good progress of the work undertaken and show good results to the Central Social Welfare Board which is contributing to run our handicrafts school.

I have been waiting to get a reply to my letter of 31st August. To help you ~~to come~~ to expedite the matter I am sending herewith a copy of the scheme that I had received from Mr. Chari. That will throw much light on the work that we are supposed to do.

Will you be good enough to write to me immediately and help us in our undertaking? If you need any information about the work that we have done so far and are doing now, please let me know.

On the 31st of the last month I wrote to you a letter and had sent along with it a copy of the letter that I had received from Mr. T.V.R. Chari, the Technical Officer of the Central Social Welfare Board, New Delhi. As per Mr. Chari's letter we have to appoint a committee of representatives of the Industrial Department of the Government of Mysore, a representative of the Handicrafts Board of the Central Government and a technical officer of the Mysore State Social Welfare Advisory Board, in order to guide the handicrafts work that we are now doing in this Institute. I need not say that we are anxious to get this committee appointed soon as we want to make good progress of the work undertaken and show good results to the Central Social Welfare Board which is contributing to run our handicrafts school.

I have been waiting to get a reply to my letter of 31st August. To help you to come to expedite the mat er I am sending herewith a copy of the scheme th t I had received from Mr. Chari. That will throw much light on the work that we are supposed to do.

Will you be good enough to write to me immediately and help us in our undertaking? If you need any information about the work that we have done so far and are doing now, please let me know.

My Dear Chari,

Thanks for the ac nowledgment of the receipt that I had sent to you.

As per your instructions for the appointment of a committee to guide us in the handicrafts work that your Board has kindly entrusted to us, I had written to all the officers concerned. But, as one would expect I have not heard anything from them. To-day, I have reminded them all. I hope to hear from them soon. When I get their reply I will write to you.

How are you? How is your work going along? Please write.

Dear Dr. Hardikar,

I have received your letter dated the 31st only on the 15th September afternoon probably because of some postal delay. I, therefore, could not write to you earlier.

I had written to the All India Handicrafts Board for necessary permission as you know, to enable me to work on the Managing Committee as suggested by you. The Board has, now desired to know some details about the Karnatak Health Institute. I have, therefore, to request you to kindly furnish a copy (preferably in duplicate) of the booklet giving aims and objects of the institute. Further kindly inform me the nature of organization of the institute i.e. whether it is private, public organization or statutory organization under the aegis of the Mysore Government. Immediately on receipt of the information I shall furnish the same to the Board and expedite the matter.

Sir,

Sub:- Setting up of a Training Centre for soft toy making at Karnatak Health Institute, Ghataprabha, District: Belgaum.

--ooOoo--

The Central Social Welfare Board has sanctioned a training centre for soft toy making at Ghataprabha under the Social economic programme of the Central Social Welfare Board and has also given a grant of Rs.14,000/- for the said scheme to the Administrator, Karnatak Health Institute, Ghataprabha. I enclose herewith a copy of the letter No.CB/IU/HTP/Mys(1)/62, dated ~~24th Aug., 62~~ 2-8-62 from the Central Social Welfare Board addressed to the Administrator, Karnatak Health Institute, Ghataprabha in this behalf for favour of perusal. The authorities of the K.H.I. have agreed to abide by the conditions imposed in the said letter. I enclose herewith a copy of the letter dated 3-7-62 along with its accompaniments from the K.H.I. to Shri T.V.R. Chatri, Technical Officer, Central Social Welfare Board, Parliament Street, New Delhi in this behalf for perusal. On receipt of this letter the Central Social Welfare Board has released a sum of Rs.6,000/- as first instalment of the grant. The Centre has already been started from 15-8-62 and 15 trainees have been selected after taking regular interview of all the applicants. Boarding and Lodging arrangements have also been made in the compound of Karnatak Health Institute, where the Training Centre is also located. The idea of the Institute in keeping the trainees under direct supervision for the entire period of one year even beyond the regular hours of training is that the trainees should be given necessary training to lead a disciplined and regulated life by following the principles of Self-help. They have chalked-out a programme from morning 5-30 AM to evening 8.00 PM In which the items of exercise and gardening, cooking their own food, etc., are included. The Institute is looking after the

P.T.O.

the general health of the trainees by giving nutritious and clean food. They have also imposed a condition on the trainees that they should work atleast two years after the training period is over in this Craft as per direction of the Institution.

2) I enclose herewith a copy of the letter No.CB/KU/HTP/Mys(1)/62, dated 24th Aug., 62 from the Technical Officer, Central Social Welfare Board, New Delhi addressing to the Institute for your kind perusal. In para two of the said letter it is instructions have been issued to form a separate Managing Committee to look into the efficient working of this Centre. As desired by Dr. N.S. Hardiker, Administrator, K.H.I., Ghataprabha, I visited the Centre on 17-9-62 and inspected the working of the newly started Centre and discussed with the Organisors of the same in detail. I enclose herewith a copy of the Scheme for this Centre furnished by the Central Social Welfare Board that is to be implemented. The Board has sanctioned Rs.14,000/- in all for both Recurring and non-recurring expenditure for one year for training for first batch of 15 trainees for your perusal. The trainees now selected are mostly from the rural parts of Gokak and Hukkeri Talukas. The main idea in starting this Centre is to impart training in this new craft to the ladies of the rural parts, so that they can be able to supplement their income by this craft. In addition, it intends to make it a production Centre also after some time of soft toys.

3) I suggested the following persons to constitute a separate Managing Committee to look after the Centre as desired by the Central Social Welfare Board:-

1. Dr. N.S. Hardikar, Administrator, K.H.I. Ghataprabha - Chairman.
2. Smt. Vimal Kulkarni, Chairman, Mahila Mandal, K.HI. Ghataprabha - Convenor.
3. Dr. M.K. Vidya, Chief Medical Officer, K.H.I. Ghataprabha.
4. The Assistant Director, Ind. & Com., Belgaum.
5. Shri V.H. Honnavar, Deputy Director, Handicrafts (W.H) Haroon House, IIIrd Floor, 294 Bazar Gate Street, Fort, Bombay - 1.
6. Smt. Indra V. Chanai, Vice-Chairman, Mysore State Social Welfare Board, Bangalore.

It is further suggested that the following two members of the Managing Committee will operate the Bank Accounts-

1. Dr. M.K. Vaidya, Chief Medical Officer, K.H.I. Ghataprabha.
2. Smt. Vimal Kulkarni, Chairman, Mahila Mandal, K.H.I., Ghataprabha.

The above names have been suggested after discussion with Dr. N.S. Hardiker, Dr. M.K. Vaidya and Smt. Vimala Kulkarni of K.H.I. Ghataprabha.

4) The help that is required from the Government by the Institute is as follows.

The Institute has already started construction of a building with the size of 66-6" x 43-4" with cement and morter and Iron and Steel structure. The cost of the building as estimated by the Institute will be about Rs. ~~40,000/-~~ 30000/-. A rough sketch of the building is enclosed. The present building will not only accommodate the training Centre but also will suffice for Boarding and Lodging of the trainees and Instructress. They desire that they may be given the Govt. Grant-in-aid to 50% of the cost of the building. As per Govt. Order No.CI 15 RCI 61, dated 7th Feb., 62 building grants for such Institutions may be restricted to 50% of the actual cost or Rs.5,000/- which ever is less in each case. As the cost of building is estimated at Rs. ~~40,000/-~~ 30000/- I recommend that this Institution may be given Grant-in-aid extend up 1/3 rd of the actual cost of the building or Rs.18,000/- which ever is less after obtaining the orders from the Government relaxing the condition No.17 to that extent. I am endorsing a copy of the letter to the Chairman, Central Social Welfare Board, New Delhi and the Chairman of the State Social Welfare Board for your kind information.

5) If the above proposal is approved the Asst. Director, Ind. and Com., Belgaum, may be permitted to attend the meetings of the said Managing Committee as Ex-Officio members.

---oOo---

As per your instructions contained in your endorsement No.41/342/62-63, dated 18th Sept., 62, I attended the informal meeting of the members of the Managing Committee of the Soft Toys Making Centre run by the Udyoga Mandir, Karnatak Health Institute, Ghataprabha on 4-10-62. The following members were present:-

1. Dr. N.S. Hardikar, Chairman.
2. Dr. M.K. Vaidya, C.M.O. KHI, Ghataprabha.
3. Smt. Vimal Kulkarni, Chairman, Mahila Mandal, K.H.I.

Detailed discussions about the running of the Centre, the syllabus to be followed and payment of stipend to trainees, etc., took place and it was decided that for the proper development of the trainees educationally and hygienically and moulding them to become ideal Social Workers in the villages, the trainees should generally be the inmates of the Hostel and stay there for the entire period of one year, so that they could be taught to lead a disciplined and ideal life to enable them to be a model to the villagers in which they reside after training. It was decided that the stipend that to be given to each trainee should be utilised by her for her food and other necessities of life and also for her equipments of studies.

This is for your kind information.

a. RAG DOLLS. It is proposed to put more emphasis on the training of Rag Dolls. In making of such Dolls, more stress will be given on the choice of material. The material used will be as far as possible for cheaper quality and almost of no value. In villages straw and paddy husk is available in plenty and, therefore, this will be introduced in these type of doll making so that the cost of the dolls will be low.

b. Dolls in Kit form. Instructions will be given to trainees to prepare Dolls of various designs in kit form. This will help the trainees to introduce Dolls in kit form in the market after their training. When Dolls in kit form are available in the market it will also help those who are interested in the art of doll making but cannot attend regular courses on doll making.

Sir/Madam,

Sub: Display of samples of articles made in the production units under the socio-economic programme of the Central Social Welfare Boar

To give effective publicity to the socio-economic programme of the Central Social Welfare Board, and to make the authorities concerned, as well as prominent persons who visit this office, better acquainted with the type and quality of the variety of articles produced by the institutions which are receiving financial assistance under this programme, it has been decided to display a few selected samples of their products in show cases in the Board's premises.

2. The Board will be glad if you will be good enough to send to this office a free sample each of the various articles produced, manufactured or fabricated in the unit set up by your institution, with financial assistance under the socio-economic programme. Bulky or large articles need not be sent, but only those which can be conveniently placed in a show case. The articles may be despatched either by registered post or railway parcel, whichever is more convenient. You are also requested to send to this office, in advance, a list of articles despatched, indicating their number, description, as well as the cost of each article, with a copy to the State Social Welfare Advisory Board.

If a catalogue, or price list, or any literature, has been brought out by your institution, regarding the production unit, a dozen copies may be sent to this office.

Each article should bear a tag, giving the following information:

(i) Name of the institution.
(ii) Date of starting the unit.
(iii) Description of the unit (viz, handloom unit, production unit of small scale industries, procurement unit for handicrafts, ancillary unit, etc)
(iv) Number of women workers employed in the unit.
(v) Description of the article.
(vi) Sale price of the article.

--ooOoo--

I inspected the progress of training in the Centre on 27-12-62. Within the period of 3½ months, the trainees have been trained in manufacturing the following types of dolls:-

1. Baby Doll.
2. Ducks.
3. Parrot.
4. Blue Birds.
5. Ball.

In addition they have been trained to prepare different kinds of fruits by wax. As regard tailoring craft, the trainees have been given training to cut and stich all kinds of children garments. They have so far manufactured and sold dolls worth more than Rs.300/-. The progress of training in the Centre during this period is quite satisfactory.

The trainees have been given training both in the Centre as well as outside from morning 6 to night 8. Training in physical exercises and cooking etc., has also been given to the trainees, so that they would be an ideal Society worker in the village. The amount of Rs.6,000/- released by the Board is almost exhausted and they would require further funds for running the Centre early. I, therefore, request you kindly to release further amount of Rs.8,000/- out of Rs.14,000/- allotted to the Centre for the current year.

Sir,

I have been told by Smt.Korgaonkar, during her recent visit to Belgaum, that your Centre has installed the Dyepunch Machines at your Centre. If so, I shall be very much thankful to you if you kindly confirm the same per return.

Usually, we go to Dharwar for obtaining doll faces for our Centre as we are not having our own Dye-puches. It is also told that the faces that could be got from your machines are of superior quality and of latest type. So, I shall be obliged to you, if you kindly let me know whether the machines could be made available for our Centre's use for a day or two.

Thanking you in anticipation,

Yours faithfully,

Sub: Setting up a handicrafts training centre for soft toy-making under the socio-economic programme of the Central Social Welfare Board

.....

Sir,

Please refer to your letter dated the 22nd January 1963, and also the telegram dated the 1st February 1963, regarding the release of the second instalment of the grant sanctioned for the handicrafts training centre for soft toy-making, attached to the Karnataka Health Institute, Ghataprabha.

2. In this connection I am to inform you that an amount of Rs. 3500 is now being released as the second instalment of the grant, to your institution. This amount represents 3rd of the working capital sanctioned for the unit.

3. It is, however, pointed out that we have not so far received the progress report or the statement of expenditure in respect of handicrafts unit. It is requested that you may furnish us immediately a progress report and also a statement (unaudited accounts) of expenditure so far incurred along with the following statements:-

i) A list of the equipments and tools and furniture so far purchased, out of the grant, indicating the cost o each item.
ii) A list of equipment, tools and furniture which are yet to be purchased for the unit (indicating the cost)
iii) The expenditure so far incurred on purchase of raw materials and other contingencies.
iv) A statement indicating the names of the staff, their qualifications, and the salary paid to them so far.
and v) A list of women trainees, indicating their name and ag and the amount so far paid to them as stipends.

The progress report and the statements as mentioned above may kin be sent to us by the 28th February 1963. Such statements shou be sent to this office every month.

4. As regards the nomination of a representative of the All-India Handicrafts Board in the separate managing committee for the unit, I am to inform you that the All-India Handicrafts Board has since informed us that Smt. S.Mahtre, Development Centre for character dolls, 55, Bulloch Road, Bandra, Bombay-20, will be the representative of that Board in the separate managing committee. You may therefore please take immediate steps to constitute a separate managing committee as indicated in our letter of even number dated the 24th August 1962. As soon as the Committee is formed you may please furnish us the names and addresses of the members, as well as indicate the names of the two members who are operating the separate bank account for the unit.

5. I also enclose a copy of letter No: HB/SWB/1(2)/61-62, dated the 15th December 1962, addressed to the Deputy Director (Western Region), All-India Handicrafts Board, Bombay. It is

P.T.O....

suggested that you may request Smt. Mahtre to visit the unit, and you may obtain all necessary technical guidance from her.

6. Early reply is requested.

Yours faithfully,

Dear Shri Honavar,

You are aware that a training Centre for soft toy making has been set up at Ghataprabha in the State of Mysore by the Central Social Welfare Board. In order that Board is a actively associated with the working of the Centres set up under the Socio-Economic Programme of Central Social Welfare Board, it is very necessary that we keep in touch with them and give necessary technical and designing assistance.

I would therefore suggest that you may request Mrs S. Mahtre of the Dolls Centre to visit this Centre with a view to seeing their working and assisting them in organising their work. A copy of her report, when completed may be sent to me for my personal.

Shri Chari of the Central Social Welfare Board in his letter dated 20th November 1962, has stated that he has requested you to depute one of your officers to got Dhamble and Done villages in Mudargai Taluk, where it is proposed to set up a procurement unit for Kasuti Embroidery. Please let me know when this would be done.

Please keep me posted about these matters.

With best wishes,

Yours sincerely,

Dear Sir.

Before I was just about to write to you I got your letter. I am really happy to note your sympathetic expressions towards me I have done my duty within my limited bounds and nothing else

The Minister visited the School centre and has decided to transfer the Railway station to your centre. I have accordingly instructed the Superintendent of R. A. T. S. School to contact you and submit proposals for transfer of Railway station to you which takes into effect from 1-4-1963 for planning

formal orders of the Secretary of State regarding the grant in aid of Rs 10000/- for the building.

I had a talk with Sh. T Shamanna and I have again written a D.O. letter to him before I handed over charge on 15th afternoon, to expedite the matter. You may get the grant early. I have suggested that the matter will be speeded up if you write a personal letter to Shri Shamanna and the Minister recalling the discussion that we had during their visit to the centre. I have handed over to my Office Superintendent as a temporary measure. After the permanent incumbent is posted & joins, I will send introduction to you as usual. Other workers

So long as I am here as District Development Broadcast to Bijapur I like to do whatever is possible for the Institution as it falls within the scope of our Departmental activities.

I am really grateful to you for all the good wishes showered on me and request you kindly to have best Compliments for me wherever I am. Kindly Convey my kind regards to Dr. Vaidya, Dr Bolambe Smt. Vimla ben Kelkar Shreeo

Hoping kind regards to you

I like meet you when I go on tour some time next month

Yours Sincerely

Dear Dr. Hardikar,

I am in receipt of your kind letter dated the 20th instant. I am thankful to you and your colleagues for the courtesy and hospitality shown to me during my short visit to the Health Institute. I am very much impressed about the good work done there under your care and guidance.

I have spoken to Smt. Yashodharamma Dasappa, Minister for Social Welfare, about the social and humanitarian work being done at your Centre, and have requested her to visit it.

I will continue to watch with interest the progress of your Centre. I will have another occasion to visit the Health Institute and spend some more time with you.

With kind regards,

Yours sincerely,

My Dear Chari,

In reply to your letter dated February 19, 1963 No. CB/IU/HCP/Mys(1)/62, I have already written to you and said that the Asst. Director of Industries and Commerce of the Government of Mysore who is a member of the Managing Committee of the Craft Training Centre of this Institute has already sent to you the required report for the second time now. Have you received it? He has come here a number of times and has inspected the working of the Training Centre and submitted reports of the same to all the concerned parties. Now, as per my last letter, herewith I am sending to you statements of facts and figures as desired by you in your said letter. Please accept the same and acknowledge.

Henceforward we shall submit to you statements of work done every month.

Thank you for intimating to us the name of the representative of the All-India Handicrafts Board who is to serve on our Managing Committee. Mrs. Bhatre has come here already and seen the work. She must have already reported to you about this inspection trip of us.

Your brother,

My dear Dr. Hardiker,

I am very grateful to you for your kind letter and for reminding me to visit the Institute at Ghataprabha and see the crafts Centre. I am glad to know that the crafts centre is doing good work. I admit it has been a serious omission on my part not to have visited the Centre. Although I tour easily three weeks in a month I seem to find very little opportunity to cover the same places. The country is very vast and communications poor and travel becomes slow. I shall try to come but I cannot say when. I do however appreciate your reminding me so kindly.

Sir,

From ~~25th August~~ & I5th August & I962, we have started an Udyoga Kendra at the premisis of the Karnatak Health Institute Ghataprabha where in fifteen (I5) trainees are undergoing training in Dolls & Toys making. We desire that these trainees should be trained in all aspects very efficiently. As our centre is of recent origine we are badly in need of the assistance of an expert staff in the line. We understand that one Shri. Balekundri an Artist working in the Dolls & Toys making centre at Belgaum is sufficiently experienced in the art of Dolls & Toys making.

I therefore request you kindly to spare the services of Shri. Balekundri on every Saturday in a week for a period of two months in the first instance.

I would like to bring to your kind notice that ours being a Govt. sponsored centre, the T.A. & D.A. of Shri. Balekundri may kindly be arranged to be met from

Sub: Training Centre for soft toy making, attached to Karnatak Health Institute, Ghataprabha.

Sir,

Please refer to your letters dated the 27 May and 18th June, 1963, on the subject noted above. In this connection, I am directed to say that we have already received the parcel containing samples of the dolls made by the trainees of the centre, the receipt of which was separately acknoledged.

2. Regarding the question of examination of the trainees and certificates to be given to them, I may add that there is no necessity to conduct an examination or to give certificates to the trainees, since those who are trained at the centre will have to be continued to be given work and wage in the production unit. (Kindly see paragraph 2 (K) of the letter of sanction dated the 2nd April, 1962) We are now requesting Smt. Mahtre of the Development Centre for Character Dolls , Bombay, to visit your institution and to work out the financial requirements for the conversion of the training centre to a production unit. She is also being requested to let us have her report on the progress of the training, and also whether the training imparted has been adequate to switch over to production from August 1963.

3. After receipt of the report and the scheme from Smt. Mahtre, the undersigned will also be visiting your institution

4. Meanwhile, you are requested to expedite submission of the unaudited statements of income & expenditure and the progress report as called for in our letter dated the 19th February, 1962, addressed to your institution. The necessary report may be furnished for the period ending 30th June, 1963.

5. In this context, I am also directed to mention that it was reported to this office that the institution has deducted out of the stipends to the trainees, the boarding and lodging charges and that the balance, if any, is given either as as cash or uniforms. We may point out here that it would have been in order if the stipend amount were paid to the trainees, as is eligible to them, and whether amounts are due as boarding charges could have been recovered thereafter.

Early reply is requested.

Yours faithfully,

Madam,

As you are aware, the above mentioned institution was sanctioned a grant of Rs. 14,000/- for setting up a training centre for soft-toy making at Ghataprabha, Dis Belgaum, Mysore State. (A copy of the letter of sanction and the approved scheme are enclosed for your reference). Out of the grant, we have so far released Rs. 9,500. The training was started in the middle of August, 1962, and as such institution is due to complete the training phase of the programme by about the middle of August, 1963, and therefore the training centre is to be converted into a production unit providing work and wage to those who were trained.

2. We shall be grateful if you could kindly visit this unit and let us have a report on its working and also whether the training imparted has been adequate enough to switch over to production stage from middle of August 1963. While forwarding your report, kindly also let us have a scheme indicating the financial requirement for the production phase, on the basis of which the Central Social Welfare Board could consider further their grants.

Early reply is requested

Dear Dr. Vaidya,

Yours of 4th & 6th were received by me last night on return from Bangalore and Rajahmundry. I am glad to know that a grant has been given and am returning the papers as enclosed to enable you to act duly.

Regarding Dr. Nayar's visit, I am visiting Belgaum on 15th inst. but I doubt very much if I will be able to attend the functions. I shall however endeavour to be there at 11 AM on the 15th instant but must return immediately after the Hon. Minister has left. You should not however await my arrival since my visit depends on various factors on which I have no control. In any case with Dr. Hardikar there, you should not need anybody to look after a Minister and I feel that this will be done better in the absence of anybody like me.

I may be visiting Goa between the 23rd & 25th instant. There I shall see more. With regards

Yours sincerely

My dear Dr. Vaidya,

Your letter dated 9-4-1963 addressed to Dr. Ginde was received by him yesterday and I am writing this on his behalf.

Dr. Ginde is in bed since 16th February 1963 and he is much better now. He had an mild attack of Coronary Thrombosis. He has started slowly sitting up in bed and within a fortnight's time he will start moving about a little in the house.

Because of his illness, he regrets, he shall not be able to come down to Ghataprabha for the function; all the same, he is thankful to you for the kind invitation. He wishes the function a great success.

Thanking you once again for the letter with kind regards,

Yours sincerely,

March 12th, 1963.

Dear Dr.Hardikar,

Kindly refer to your wire and letter to the Union Health Minister regarding her visit to Ghataprabha. I have already sent you an acknowledgement by wire.

Dr. Sushila Nayar will be glad to spend the night on the 13th at Ghataprabha instead of at Belgaum, as suggested by you.

About the rest of the programme, it is suggested that the engagements on the 14th morning, if possible, may start at 7.30 instead of 6.30, after an early bath and breakfast.

While recently in Bangalore, the Cooperative Minister there had requested the Union Health Minister to visit the Cooperative Hospital at Ghataprabha when the Health Minister visits Ghataprabha. Will you, therefore, kindly include a visit to the Cooperative Hospital also in the Health Minister's programme?

The whole programme may kindly be finalised in consultation with the District Magistrate.

I shall be glad to receive final copy of the programme from you at your convenience.

With kind regards,

Yours sincerely,

MESSAGES

1) Shri T.R. Deogirikar says: Dr. Sushila Nayar will by glad to see the great humanitarian work that you and your band of workers are doing. Dr. Hardiker and his colleagues have built up, bit by bit, such a big Hospital about which any one can be proud. I request the Health Minister to be sympathetic and kind to the Institution, which has gone through stresses and strains. WISH YOU GOOD SUCCESS.

2) Dr. P.L. Mohanamba says: Wish you all the best

3) Shri S.V. KrishnamoorthyRao says: Wishing the function every success.

4) Dr. R.V. Sathe says: In view of the many things to be managed before my departure to Belgrade, it will not be possible to be at Ghataprabha on the 15th instant. But I shall however meet Dr. Sushila Nayar in Bombay on the night of the 15th inst.

15-4-6[illegible]

I was very glad to visit the Karnatak Health Institute at Ghataprabha and meet a devoted band of workers. It is the devoted workers who make a success of any scheme. I was glad to see that from treatment and care of diseases, the doctors have started thinking of control and eradication of diseases and have made a beginning with common eye conditions. I wish them all success. I hope the Institute can take up the fight against tuberculosis and unnecessary mortality among mothers and children. Here is a nucleus for starting a comprehensive Health programme on a regional basis. My best wishes in all the activities already taken up and to be taken up.

Ref:- 860/58 dated 11-3-58 to Asst. D.G.H.S.,
and copy to you.

I had written as under:-

"From Andhra Scientific Co. we have just received a vertical autoclave. There seems to be some mistake in the manufa ture of this instrument. The very heavey lid (76 lbs) which should be hinged to the main casing has no hinge at all with the result that opening of the autoclav becomes a very cumbersome, unwieldly and risky procedure. I think this mistake has to be corrected. I will await your reply early before accepting your instruments. So kindly reply early."

The Civil Surgeon of Belgaum recently visited this place for inspection. I have shown him this instrument. Being a Surgeon himself, he unstands the anomaly. He might write to you independdntly. If this defect is not corrected, the instrument will be lying only as a dead stock in the store.

You might have known that out of all the equipment ordered by the D.G.H.S. so far only this autoclave and a pack of 100 gross slides have come.

Kindly find out what can be done about these things and let me know early so that I can be free from the demand of the company.

Sub: Supply of Lab Equipment to K.H.I.

Sir,

Enclosed is the copy of the letter required by you and addressed to Asst. Dir. of Supplies.

The Scheme is from the Ministry of Health aiming at upgrading of Institutions for antituberculosis work.

The supplies of equipment are through the D.G.S.&D. of the Ministry of Health, who is the indentor.

As I have made it clear, the a ticle supplied will be useless and will lie only as dead stock and Government will have spent on it unnecessarily.

The indent No. is: A/T No. SYI/1704-H/I/Andhra 5474 dated 24-9-57.

The inspecting authority is: Asst. inspecting office for Dy. Director of Inspection, Madras, and it has been approved by him.

What I want to know is: Should we pass a note of acceptance of the goods as demanded by the company or not in view of the fact that the construction of the Instrument is not scientific in our opinion and is likely to be dangerous to the workers if put to usel If we pass the note, then what is to be done to the Autoclave since I do not think I will put it to use with the risks I visualise for the workers.

I do not want the company to be kept in suspense and hence will appreciate an early decision in the matte

I hope I am quite clear now and will await your reply at the earliest and will hold up the certificate to the Andhra Scientific Co. till then.

Thanking you,

Yours faithfully,

Sd/- M.K. Vaidya

Dear Dr. Vaidya,

I am very grateful to you for your letter dated 15.7.58. Unfortunately all along, this case was given to me wrongly. This was being dealt by our Tuberculosis section and for want of certain papers, I could not give you complete picture ~~of~~ in the first instance. Since we have linked up the case with the T.B. file, I am passing on the papers to that Section for necessary action in the matter.

Thanking you once again.

Dear Sir,

Thank you so much for yours above.

I am sorry I had to cause inconvenience to the firms because of want of clear directions on my letters sent soon after the equipment was recei ed.

I am now sending the vouchers duly signed to the firm for their use.

You have given certain arguments and explanations on the subject on which I request you think again. I have also requested the firm to indicate to me whether the discrepancy was deliberate and with some definite scientific justification. I hope they will reply. I feel that thereis no justification for manufacturing a mistake because the specifications given were broad. If a pair of spects are ordered it automatically means the bridge, the rims and the ear-supports as the standa need. If one of the above misses there should be some education. If you think it worth, you may go deeper into it. My only desire was, when Government is spending for good cause, and giving good money, the minimum standards should be supplied.

Thanking you again,

In the Insteres of the Institute

Dear Sirs,

We have just received the boxes containing a Petrol Gas Generator and an Incubator. Some time back we also received the "Heavy duly Balance" from you.

1....That balance does not show correct wieght. The substance weighs different every time.

2....Following is the condition of the other two packages:

a. There was a difference of 17 lbs in the weights given and the actual weight. We we took an open delivery. Luckily there was no shortage.

b. The incubator is: i) rusted in many places. ii) the door does not lock well. iii) the bolts of the frame for glass door do not fit in properly. iv) the frame has lost many of its supports between the two halves, and so the GLASS, WHICH HAS COME IN GOOD CONDITION, cannot be fixed. v) the main swithh seems to have been damaged. vi) the heating element is also damaged.

c. Regarding the Gas generator....
The solder to the petrol tank is broken in one place. ii) the motor is not working. ii) all fittings are loose. iv) the cage is in bad shape v. the connecting cable is so soiled and spiled that looks dirty and very old.

Please let us know what is to be done about all the above conditions. After hearing from you, we will write to government and seek their advice since it is a gift from them.

Yours faithfully,

Dear Dr. Vaidya,

This is in reply to your D.O. letter of 2nd October 1959, regarding the quality of the Petrol Gas Generator and the Incubator, sent to you as pa t of laboratory equipment for the TB Clinic. M/S. Hargolal & Sons of Ambala Cantt. are new suppliers. In so fas as our equipment is concerned, their rates were so low that I could not, without previous experience, persuade the D.G.S. & D., who make the purchases, not to accept the quotation. I am, however, surprised at the poor quality of the equipment received by you and I am amaking enquiri in the matter. I shall refert to the subject as soon as info ation has been gathered.

Director,
Karnatak Health Institute,
Ghataprabha(Distt. Belgaum,

Dear Sir,

Your detailed letter of the 2nd March 1960 is just received. Let us assure you at the very outset that the dentiments expressed by you have greatly impressed us. We feel that you criticism is very genuine and sincere and has been written less as a customer would write than as an India would feel.

We have already said that your criticism is genuine but there are certain extenuating circumstances which we also have to put before your goodself. India, as you know is stepping into an industrial sphere, and has with it as its asset, a vast community of tedhnicians who lack that technical knack which has become the gift of European nations.

The main difficulty in the incubators is probably that of the appearance. It is true that the cabinet nas not been made with the hugebending and shear machine. It may be of interest for you to learn that the machinery needed to make accurate and fine cabinet would cost Rs.50/ to 60/ thousands of rupees. Even if it were possible to invest a large amount the output of articles turned out by thos machines in present state of our country would be hardly sufficient to justify that investment. Then there is a deplorable state of the method of purchasing the item. Scientific instruments are purchased by tenders. The lowest must get the orders, and quality of cannot be judged and is often disregarded on the basis of lower prices. It may be within your notice that after these prices were submitted a panel of Government Inspectors inspected these cabinets, presumably at different places, and our's was selected.

We do not claim any merit on this score nor any exemption from criticism, but what we wish to bring to your notice is the quality prevailing all over the country The Inspectors then examined the bulk supply to tally with sample, and there also, after a minor adjustment the supplies were found satisfactory.

It is also possible that in these days of careless irresponsible handling of packages during the transit the cabinet lost very much in appearance. It often happens that our sceintific instruments are accorded a treatment by the railway authorities as if the packages contained wheat and rice.

You know we are a new nation, and you may rest assured that every possible effort is being made to improve the quality. In many items we equal foreign make. We sent out exhibits to Lepzig, where they were highly spoken of. For the last three months, a range of articles is being exhibited in the export pavilion product of the world agricultural Fair.

Again by this we do not wish to reasbn out that our a ticles with which you are not satisfied, are good. We only wish to impress that there is a good case of indulgence on the part of our customers. Please do assist us for stepping into better quality, and it is only due to indulgent copperation of our customers and healthy criticism that we are progressing in the manner we are doing.

Now coming to the actual business, we would be the last person to thrust on you anything. If you can get the items repaired and get the same refinished, we shall be happy to repay the charges, if not, you may send them back, and we shall bear the expenses.

We await your reply.

Yours faithfully,
For Hargolal & Sons

Sirs,

Thank you for your letter.

Heavy Duty Balance:-- This balance we feel is of the same quality. No damage has been done to it. It can serve the purpose of rough weighing.

Incubator and Gas generator:-- I think the same about these articles. The quality is too poor. Actually I feel so sad that when we and the Government also try to encourage and help local talent, that should misused by our own men and the chance should be utilised to produce articles for inferior in quality and loose the name of the country as well as the firms for short term benefits How can such a country rise in the world? I would like you to compare your articles with even those of China and other backward countries and much smaller countries in the world with less opportunities for markets. I do not think it is worth ~~xkkk~~ repariring any of these two items which have the look of country made send hand material. I would like you to meet Dr. N.S. Hardiker, M.P Rajya Sabha who has seen these very carefully and has formed his opinion. I would even like you to come here and have a second look at them and find if they could serve any reasonable length of time. Actually I do not know what to do with them. Could I send them back to you or to the Ministry of Health? Actual seeing will be more useful than my desciriptions.

You may kindly think over the main probelm more seriously than just thinking how to satisfy us.

In the best interests

Dear Dr. Nagpaul,

Many thanks for your kind letter 26-6/58-TB of 14-3-
I do understand your idea about the x-ray equipment and the T.B. clinics. But I think in that case a plain table in place of the motirised table would be more than enough and save considerable amount for all those units.

It is quite true that the T.B. clinic at Ghataprabha is without a site, -That is due to its position, situati and population. Awakening among the people and economic and communicational problems of the tillers of the soil have a big say in this area. Our efforts are going on to solve these problems. Lack of proper means of communications, conveyances, and finances to give everything free to every poor man in need, are our problems as you know. The State should have helped. But there measures and arguments are different. This year we have been favoured with Rs.5,000/- annual grant for the first time. So you will understand our ways of acrrying on the work without putting any pressure on anyone.

I am enclosing the reply received from Mssrs. Hargolal and Sons. He has summed up everything, in order to accep the blame, though it meant giving a share to Government, times, circumstances, etc. I am not quite convinced that the argument though true, is justifiable. There has to be a minimum standard for equipment of scientific utility. There is not justification for the material used from discarded junk particularly the electrical wiring etc.

But I know that I have not to be the judge. I am only a citizen of the country wishing that the country should be ideal. So, kindly refer to the last para of the letter and let me know what I should do in the matter. I have to depend on you for the final disposal of the unnecessary headache.

All is well here. Hoping the same with you, and with best regards,

Yours sincerely,

Kindly refer to your letter of the 16th March, 1960, enclosing a copy of reply received from M/S Hargolal & Sons, Ambala. I also appreciate, as I have always done, your peculiar difficulties and handicaps. My remarks were not meant, in any way, to be criticism in your activities.

As I have informed you, preliminary discussions with the Directorate-General of Supplies and Disposals, regarding the quality of equipment supplied by M/S Hargolal & Sons, have been completed. They have promised to look into the matter and it will take some time before something material can emerge. I will write you in due course on the subject.

I am writing to you on hearing about Shri Hukerikar's health from Shri R. J. Deshpande who is here.

Of course, a layman's words in the matter of the health of his friend may not be worth much. But I think a time comes when a doctor has to 'order' things and not merely advise.

I am sure you are doing the needful.

My Dear Dr. Anegundi,

Herewith please find a copy of the tour programme of Dr. Sushila Nayar, Union Health Minist who arrives at the Sambra aerodrome on the 14t evening at 6-15 P.M.

As she is to stay in the K.H.I. campus itself no reservation of Dhupdal Bungalow is necessary. But, if any officers are coming, then we will have to reserve the Bungalow for the 14th evening and 15th morning. You please think about it and do the needful.

She will be received at the aerodrome by you and Shri Bhimrao Potdar and Dr. Vaidya. Immediatel after alighting from the plane she will drive t K.H.I. and halt there. I am sure you will make necessary arrangements to bring her from adrodrome to K.H.I. and to tkake her from K.H.I. to the aerodrome again. It is just possible that her private secretary Mr. Jha has already written to you about it.

A draft programme of activities in Ghataprabha was sent to the honourable Minister. A few suggestions were made by her. Therefore, as soon as we draft another programme, I will send you a copy.

In the meantime allow me to request you to be with the Minister all the while she stays in Ghataprabha.

More again.

Your brother.

My Dear Mujahid,

As I am lying ill in bed from the 17th of March, I could not speak to you on phone though I desired to do so.

When we were in Bangalore we had a talk with the Chairman of the Mysore State Social Welfare Advisory Board Mrs. Pramila Deshpande about the Holiday Home which we want to run even this year. The same has been sanctioned and we are supposed to start at the beginning of May.

But this time ~~it is~~ the State Social Welfare Board wants us to take girls of the Jawans who have offered their services to defence. The Chairman of the Board has given us some names of Jawans. In the list appended herewith there are only 4 Jawans Belgaum district. The question therefore before us is, how many girls shall we get from these families? Personally I think, there must be a bigger list of Jawans from Belgaum and that list may be either in your position or in the position of the recruiting officer of the Defence Ministry who might have been stationed in Belgaum. Will you be good enough to send me a list of jawans from Belgaum district? Of course if you have it. If not, will you be good enough to secure one for us? You might be knowing the recruiting officer. I do not know whether the Superintendent of Police has anything to do with it. But anyway I depend on your help in this matter.

We have to write to the Jawans' families and get their consent and ask their girls to bring to Ghataprabha. In doing so they will have to spend some amount and come here with the girls to admit in the Home. Even in this I see your help.

In case we do not get enough (50) number, we will have to make selection of girls from villages in Gokak and Hukkeri Talukas as we have been doing from 1960.

Dear Dr. Vaidya

Your letter at hand. My wife has not yet delivered. I will let you know as soon as I know the result.

I thank you for your invitation to attend the opening ceremonies on the 14th. I regret that it will not be possible for us to come as I am tied down here. I am inquiring about the bronchoscope and will let you know as soon as I get the D.L.I.

Dear Dr. Vaidya,

Many thanks for the invitation to attend the function for Dr. Sushila Nayar. However I am sorry to say that it will be impossible for me to come down this weekend.

I saw Susan just last week and we were talking about the proposed visit of Dr. Hitchmanova, and wondering if she is still coming as was planned. It would be very interesting and a privelege for us to meet and talk with her, even if very briefly Could you let us know if this can be arranged?

Once again thank you for the invitation and I regret not being able to come.

Sincerely,

Cathy Thompson

Dear Mr. Vaidya,

Thank you for your kind invitation to attend the function on Monday, April 14th. I shall plan to attend, arriving by car by about 7:00 a.m. It is likely that a few other persons from here would come with me.

I hope that it might be possible for me to meet Dr. Nayar personally in order to request her to open the new hospital building of this institution near the end of June.

With best wishes,

Sincerely Yours,

My dear Shri Vaidya

I am thankful to you, for your kind invitation, on the occassion of the visit of the Hon'ble the Health Minister Dr. Sushila Nair. I am sorry, I am going to a village in Satara District to inaugurate a Shibir on behalf of Gandhi Smarak Nidhi. I hope you will excuse me for my non-attendance.

Dr. Sushila Nair will be glad to see the great humanitarian work, that you & your band of workers are doing. Dr Hardikar and his Colleagues have built up, bit by bit such a big Hospital about which any one can be proud. I request the Health Minister to be sympathetic and kind to the institution, which has gone through stresses & strains. Wish you good luck.

Yours Sincerely

Dear Dr.Vaidya,

Thank you for your post card addressed to Mr.Horridge inviting hi to the functions to be held at your Institute on the occasion of the visit of Dr.Sushila Nayar the Union Health Minister.

I am sure it would have been a great pleasure to Mr.Horridge to accept your invitation and to be present at the function but he is in England at present on business and we have to advise with regret, that he will be unable to attend.

Yours sincerely

My Dear Dr.,

Your letter dated 9-4-63 duly to hand to-da

I am glad that the Central Health Minister visits K.H.Institute. If she is expected to arrive at Ghataprabha via Sambra, I request you to kindly arrange her visit to Khanagaon Kusht Nivaran Kendra on her way, representing my Leprosy Work in a suitable way. You know that Miss Amrit Kour, the C.Health Minister paid a visit to our Kendra in 1953. ~~Her~~ Dr. Naidu's visit may give an impetus to our Anti-Leprosy Work. I have no objection if her visit will be finished within five (5) minutes

Hoping you will try your best and let me know by wire.

I may attend the function on Monday morning ~~the date~~ (15-4-63.)

Yours Sincerely,

G R Kadalgikar
